Tenth British Congress of Obstetrics and Gynaecology at Belfast—Programme 121
British College of Obstetricians and Gynaecologists 308, 511
Bacteriological and Epidemiological Studies dealing with the surces of Puerperal Infection by Haemolytic Streptococci: A Review 317
Discussions on the foregoing subjects at the Congress of Obstetricians and Gynaecologists (Belfast, 1936) 764

Book Reviews 124, 311, 513, 939
Review of Current Literature 127, 321, 517, 947
Reports of Societies 193, 369, 567, 1026

INDEX

* Denotes an original article. † Book reviews.

A

PAGE

ABDOMINAL Caesarean section at the present time and in the future 177
—— pregnancy, primary 192
Abortion, a statistical analysis of 2,287 cases 976
—— diathermy as an initial step in therapeutic 122
—— missed 191
—— the effects of attempts at, on the evolution and prognosis of ectopic gestation 980
—— therapeutic, a review of some cases 138
—— —— by the abdominal route 151
—— the treatment of 975
—— uterine changes in experimental 527
Abscess, three cases of psoas, in the puerperium 993
Adeno-carcinoma, the treatment of, of the cervix uteri 168
Albichtol, the use of, in gynaecology 341
Amenorrhoea, hormonic induction of menstruation in, of three months' to nine years' duration 1215
—— primary 1235
—— the treatment of, and kraurosis vulvae with the ovarian follicular hormone *1091
Amnion and chorion, investigations on the elasticity and permeability of the human 170
Amstel, H. Heymans van: Red light treatment in gynaecology *1114
Anaesthesia, vinyl-ether, obstetrical, for general practice 324
Analgesia, ether-oil rectal, in obstetrics 331
Analgesics, report on an investigation into the use of, suitable for administration by midwives .....†311
Animals, how, grow .....†125
Ano-genital pruritus, three cases of, treated surgically 546
Anterior hormone, the origin of the so-called, in pregnancy 165
Anus, the prolapse of the arm through the 1016
Appreciation, an *292
Arrhenoblastoma, clinical and pathological features 550
Asphyxia neonatorum, on its cause and mechanism, with special reference to the foetal heart-sounds and trauma of the newborn 362

B

BACKACHE, anatomical, X-ray, and other investigations concerning the cause of, with especial reference to sacralization 163
Baird, Dugald: The upper urinary tract in pregnancy and puerperium with special reference to pyelitis of pregnancy. Part IV. *1

PAGE

Baird, Dugald: The upper urinary tract in pregnancy and puerperium, with special reference to pyelitis of pregnancy (*continued*). Part V: Infection of the upper urinary tract in the pherperium *435

—— —— The upper urinary tract in pregnancy and puerperium, with special reference to pyelitis of pregnancy (*continued*). Part VI: Pregnancy complicated by other pathological conditions of the urinary tract *453

Baldy-Dartibue's operation, a point in the technique of the ... 978

Berkeley, Sir Comyns: Unavoidable haemorrhage *393

Bercovitz, the, reaction, an animal experimental investigation into the papillary reaction for the diagnosis of pregnancy 994

Bilirubin, examination of the, content of the serum in healthy non-pregnant and healthy pregnant women during parturition and during the puerperium 355

Birth, adventures before ..... †778

—— control and its exponents ..... †513

—— ideal ..... †316

Bladder, the danger of infection in catheterization of the 1023

Blair-Bell, W. (the late) and M. M. Datnow: Primary malignant diseases of the vulva, with special reference to treatment by operation *755

Bleeding, intra-abdominal, after normal delivery 350

Blood, a study of the polypeptides in the, of the pregnant woman and the foetus 1002

—— clinical significance of the morphological change in the, in patients with cancer uteri 362

—— groups, a study of, in newly born and suckling children 1242

—— haemoglobin and red-cell content of the, of normal women during successive menstrual cycles 970

—— platelets, a study of variation in the number of, during the menstrual cycle *1124

—— substances involved in the coagulation of the, of the newborn infant. Parts IV and V 539, 540

—— the behaviour of the plasmic and globular chlorides in the, during normal pregnancy and pregnancy complicated by albuminuria 1006

—— the substances involved in the coagulation of the, of the newborn. V.: Prothrombin; quantitative and qualitative studies of platelets in the normal infant 542

—— transfusion, the results of, in obstetrics and gynaecology in 1934 152

Bowel, endometriosis of the large 530

Bowes, Kenneth, and J. Bamforth: An adenomatous polyp of unusual type occurring in the body of the uterus *109

Breast, a case of bleeding 1244

Breasts, a histological and experimental study of premenstrual mammary hyperplasia or painful 544

Breech presentations, the indication for the lower segment Caesarean operation in 152

PAGE

Breech, the risk to the infant in, delivery 535
Brenner, clinical features and causation of the, tumour 786
Bride, John Webster: Large vesical calculus and pregnancy *105
—— —— Periendothelioma of the Fallopian tubes *1191
Broad ligament, a case of mixed tumour of the 1005

C

Caesarean operation, the lower segment, in breech presentations 340
—— —— a point in the technique of the lower segment 979
—— section, pregnancy following 974
—— —— in infected cases 527
—— —— spontaneous delivery after lower segment 988
—— —— and its abuses 328
—— —— the present position of, in obstetric practice 524
—— —— experiences with Latzko's 335
Calcium, the effect of weaning upon the secretion of, in the urine of lactating rats 1208
Calculus, a case of vesico-vaginal, in a nullipara 139
Cancer, a, census in Baden 183
—— a case of development of, in the corpus uteri, the cervix uteri, and the stomach, and an ovarian cyst, at intervals within a few years 1025
—— can the mortality and incidence of, of the uterus be reduced? 329
—— five-year and 10-year end results of the treatment of, of the cervix uteri by irradiation 538
—— of the uterus, the fatal complications of radiotherapy in ... 152
—— the, campaign in East Prussia 181
—— the chemotherapy of. Lead 144
—— the gentle handling of 975
—— the symptom-free stage of, of the uterus and its significance in the anti-cancer campaign 182
—— the treatment of, of the uterine body 535
—— the Radiumhemmet method of treatment and results in, of the corpus of the uterus *655
Cannon, D. J.: Modern theories of dysmenorrhoea *492
Carcinoma, clinical significance of dermoid 788
—— pregnancies after operation for ovarian 785
—— primary, of the Fallopian tubes 340
—— reflections concerning prevention of, of the portio 182
—— secondary deposit, in the acromion, of a, of the body of the uterus treated by hysterectomy six years previously without local recurrence 340
—— the early diagnosis of, of the portio 180
—— mitotic index in a case of squamous, cervicis 993
—— the treatment of cervical, with radium after exteriorization of the true pelvis 554
—— the radiological treatment of, of the vagina 342
—— two cases of primary, of the female urethra treated by irradiation 1227
—— uterine, following radiotherapy for benign lesions *749

PAGE

Carcinoma, vaginal stenosis and pyometra following radium therapy of a cervical 987
Carter, H., and H. A. Osborn: Accessory lobe of the lung *1194
Cauterization, complications following, of the cervix uteri 1217
Cephalhaematoma neonatorum, a statistical observation of 191
Cervix, carcinoma of the 136
—— complete circular avulsion of the, during labour with other results of cervical rigidity 167
—— metaplastic and hyperplastic lesions of the 1222
—— the management of the prenatal and the post-natal 962
—— uteri, cancer of the, in nulliparous women 144
—— —— tuberculosis of the, with a description of an original case *473
Cervical cancer, histological proof of the results of irradiation of, after using the method of exteriorization of the true pelvis 555
Cervicitis, relation of chronic, to infection of the urinary tract ... 333
—— treatment of chronic, by electro-coagulation 547
Chemotherapy, the results of, with alkaline bile salts 1017
Childbirth, the perineum at, reinforcement of tissues and a fulcrum principle 134
—— streptococcal infection in, and septic abortion 518
—— life begins, in lore and literature .....†125
—— the use of nembutal 137
Childhood, disease in, the first year .....†942
Chimpanzee, reproduction in the 146
Chorion-epithelioma 956
—— metatasis from a , in the brain with a negative hormonal reaction 555
—— the diagnosis of, from the cerebro-spinal fluid 556
—— the origin of, and of emboli from trophoblastic fragments enclosed in the myometrium 327
—— quantitative hormone estimations in, and hydatidiform mole 789
—— the pathogenesis of primary, of the cervix 1007
Chronic mastitis, the relation of, to certain hormones of the ovary and pituitary and to coincident gynaecological lesions. Part II.: Clinical and hormone studies 536
Cohabitation and pregnancy, the relation between, at a youthful age and from this the known physiological follicular cycle in girls 176
Colebrook, L. The prevention of puerperal sepsis *691
Collis, J. L.: Trichomonas vaginalis *87
Conception, natural, control 141
Congress of Obstetricians and Gynaecologists. Discussions on the subjects read at (Belfast 1936) 764
—— Tenth British, of Obstetrics and Gynaecology at Belfast (programme) 121
Cyst, a giant parovarian 325
—— a hydatid, of the right labium majus 341
Cysts, on the axial rotation of, of the Fallopian tubes tumours ...*286

PAGE

D

DAVIDSON, A. H.: The place of induction of premature labour in the treatment of pelvic disproportion *1078
Dawson, J. B.: Interlocked twins treated by Caesarean section *507
Dawson, Bernard J.: A case of quadruplets *252
Death, intra-natal and neo-natal 519
Detoxin, the treatment of septic cases in gynaecology and obstetrics by 557
—— remarks on the treatment of sepsis by 558
Disgerminoma, a case of 1013
—— the recognition of, ovarii 1231
Dutta, P. C.: Minor degrees of calcium deficiency in pregnancy in India *1170
Dysmenorrhoea, modern theories of *492
—— presacral sympathectomy as a treatment for obstinate 1210
—— the treatment of, with insulin 970
—— —— by alcohol injection 520
Dystocia, total hysterectomy for, following ventral fixation, severe dystocia following ventral fixation 990

E

ECTOPIC decidual reaction, the incidence of, particularly in the pregnant and the non-pregnant states 544
—— gestation, when to operate in ruptured 328
—— —— the diagnosis of 341
—— —— two cases of 1246
Eclampsia, a case of gravid glomerulo-nephritis ? 1244
—— experimental production of, and its pathology 154
—— general considerations of 155
—— in Bombay *267
—— the treatment of, with doryl 185
—— veratrum viride in the treatment of 963
Embryo, the significance of the implantation of the, on the summit of a tubal plica, the so-called columnar implantation 1222
Emergencies, manual of ..... †779
Emphysema mediastinal and subcutaneous, following childbirth ... 354
Encephalocele, operation on an, in the newborn 1020
Endocervicitis, the therapy of chronic 150
Endocrine preparations, biological dosage of 1000
Endocrinology, notes on the sexual, of the Algerian monkey 997
—— relation of the ovarian cycle to 525
—— female sexual, amenorrhoea and hormonic therapy 560
Endometrial hyperplasia, the oestrogenic principle, the common aetiological factor of, uterine fibroids and endometriomata 333
—— —— the diagnosis of 534
Endometrioma, primary, of the umbilicus 1002
—— histogenesis of, an unusual localization in the middle of the thigh 778
—— the behaviour of experimental, in relation to pregnancy 561
Endometriosis, the role of, in the pathogenesis of tubal pregnancy 979

PAGE

Endometritis, tuberculous 1217
Endometrium, grafting of, from the uterus of one woman into the uterus of another, combined with grafting of ovary *487
—— histological studies of, during various phases of the menstrual cycle 333
—— the vegetative nervous system and the treatment of hyperplasia of the 171
Epiphysis, obstetrical separation of the lower femoral 993
Ergonovine 969
Ergometrine, a new ergot preparation *1145
Ergot, the relation of the recently discovered, alkaloids 523
Erosion, cervical, the treatment of, and ulcers 558
Essen-Möller, Elis: A specimen of early twin pregnancy *in situ* *99
Eunarcon, findings with 1231
Extra-uterine gestation, concerning advanced 337
—— pregnancy, a case of 135
—— —— a case of mature ampullary, the treatment and diagnosis of such cases 189
—— —— an analysis of 313 cases from the Harlem Hospital 334

F

Fairbairn, John S.: An appreciation *292
Fairlie, Margaret: Two rare cases of inversion of the uterus *1152
Fallopian tube, actinomycosis of the, from the aspect of insurance 1016
—— —— cold abscess of the 987
—— —— periendothelioma of the *191
—— —— the conservative treatment of pathological conditions of the *619
—— tubes, hydrosalpinx after sterilization operations by crushing and ligature of the 785
—— —— the value of conservation of the, and ovaries in the surgical treatment of uterine fibroids .....
—— —— the dangers of lipiodol injection into the, and peritoneal cavity 1225
Femur, fracture of the, occurring at delivery 530
Fibroid, an isthmial, removed during pregnancy, with continuance to term 987
Fibroids, the cardiac disturbances associated with 979
—— X-ray treatment a possible cause of the degeneration of 988
Fibromyomatoma uteri, two cases in which operation was performed after previous radiation for 551
Finlaison, F. H.: Tuberculosis of the cervix uteri, with a description of an original case *473
Foetal anasarca, a case of, and foetal blood-dyscrasia alternating with two fatal cases of familial jaundice of the newborn ... 544
—— distress, treatment of 1008
—— monstrosity, a case of 1240
Foetus, erroneous radiological diagnosis of a hydrocephalic 989
—— the placental absorption of albumin split products for the use of the 170

PAGE

Folliculin, a new biological test for 154
—— the inhibitory effect of, on the secretion of milk 344
Folliculoma, a case of solid, of the ovary (Brenner's tumour) ... 341
Foss, G. L.: The treatment of amenorrhoea and kraurosis vulvae with the follicular ovarian hormone *1091

G

Gas gangrene, post-abortal and puerperal *201
Gemmell, A. A.: Abdominal myomectomy *715
Genell, Sune: A study of variation in the number of blood-platelets during the menstrual cycle *1124
Gestation, the incidence, prognosis and management of triple ... 340
—— ruptured interstitial, and hysterectomy, a case of ruptured interstitial gestation 988
Gibberd, G. F.: Symmetrical cortical necrosis of the kidneys *60
Glucose, the intravenous use of hypertonic, in obstetrics and gynaecology, an experimental and clinical study 972
Gonococcal lesions, the pathology of, in the female 958
Gonorrhoea in the female 958
Gonorrhoeal infections, the treatment of chronic, in women 957
—— vulvitis, mammary and pigmentary changes occurring in a girl after treatment with folliculin for 1225
Goodall, J. R.: Mucous colitis *925
Graafian follicle, rupture of the, and corpus luteum 334
Granulosa-cell carcinoma, a case of, of the left ovary in a child of six years 324
Gynaecology, conservative therapeusis in *1162
—— ligamentopexy in conservative 999
—— red light treatment in *1114
—— textbook of .....†515
—— the value of nerve block in 341
—— transillumination as a method of physical examination and its value in 1236

H

Haemorrhage, a case of profuse, from vulval varices, caused by forceps delivery 989
—— accidental 1238
—— a case of, from the breasts during pregnancy 360
—— Caesarean section contrasted with Caesarean hysterectomy in the treatment of accidental 988
—— intra-peritoneal, of ovarian origin 987
—— radium treatment for uterine, of benign origin 345
—— extra-gravid ovarian abdominal 562
—— unavoidable *393
Haematosalpinx, haematometra and 1241
Haemolytic streptococci, classification of, from the stools of normal pregnant women and of cases of scarlet fever by means of precipitin and biochemical tests 134

PAGE

Haemolytic streptococci, classification of, from the nose and throat of human beings, by means of precipitin and biochemical tests 134
—— —— presence of, on human skin 134
Hauch, E., and Möller-Christensen: A new ergot preparation, ergometrine *1145
Hendry, James: The results of conservative treatment of the ovaries *609
Henry, J. S.: The effect of pregnancy upon the blood-pressure *908
Heyman, J.: The Radiumhemmet method of treatment and results in cancer of the corpus of the uterus *655
Hill, Arthur M.: Post-abortal and puerperal gas gangrene *201
Hormonal, the, origin of uterine fibroids 145
—— therapy of menstrual disturbances and their underlying causes 185
Hormone, histological change in the organs of rats injected with oestrin or simultaneously with oestrin and testicular 133
—— the site of production of sexual, in the human 564
Hormones, the female sex 341
—— sex, in practice 518
—— —— and their value as therapeutic agents 949
—— ovarian and pituitary 130
—— —— and their relation to tumours of the breast 956
—— the action of ovarian, on the uterine muscle measured *in vitro* and *in vivo* 132
—— the use of whole gland extracts and crystalline, in utero-ovarian disorders 1002
Hospitals, reports of, St. Mary's Hospitals, Manchester 1201
—— —— Rotunda Hospital 1199
—— —— Leeds Maternity Hospital 1200
Hystero-salpingography, the escape of lipiodol into the utero-ovarian venous system in 566
—— colloidal dioxide of thorium as a means of contrast in 1009
—— traumatic perforation of the cervix by 1018

I

Icterus gravis neonatorum 539
Ileus paralyticus, two cases showing the symptoms and signs of a slight degree of, during pregnancy 565
Incontinence, urinary fistulae and operations for 553
Infants, intestinal reactions induced in, by intestinal absorption of incompletely digested cow's milk protein 541
Intestinal obstruction of gynaecological origin 999
Insufflation, the diagnostic and therapeutic value of utero-tubal, a study based on 300 consecutive insufflations *865
